Dear Rohan, We would like to say a big 'thank you' to you and your team for organising an amazing and memorable holiday in SL.

It was excellent - everything went without a hitch despite travelling around.

Your driver, Malcolm, is a credit to the company. He was faultless. He conducted all the driving and tours with such precision and he was wonderful.

We shall recommend your company to others and will book again, with you.

All the very best.

Hi Rohan

Peter and I both had a wonderful holiday in Sri Lanka.

Thank you very much for the spacious van. We would especially also like to thank you for Siri. He was a great driver and guide to Sri Lankan culture and geography. He helped us find guides at all of

the sites of interest to us. And his driving skills on some of the mountain roads were very reassuring! We would definitely recommend Worldlink Tours and Siri to other travelers.

Thanks,
Shelly

Jennifer,

I just wanted to drop a note to say thanks for the help with the holiday, we both had a marvellous time in Sri Lanka and will be planning to come back again in the future. The hotels we stayed in were excellent though I think the staff in the Portofina resort probably need a little bit of training! They got very excited and flustered when they had more than two guests to serve at the same time, but it was actually quite funny to watch, and they were always very nice and very courteous. I have been to quite a few hotels in my time, especially with my work, but I have never stayed in a hotel as nice and as professional as the Thaulle resort, the only down side was that we only stayed there for the one night.

The thing that really made the holiday was our Driver Janoj, he is such a good driver and we never at any time felt unsafe on the roads, even during the rainstorms when the busses were overtaking like they were on a race track. Never during the whole two weeks did he take a wrong turn or look like he was unsure of the route, and his knowledge about Sri Lanka and the culture was superb.

Since returning to home and work I have had a few people express an interest in coming to Sri Lanka, I will definitely be giving them your contact details, and also be telling them to request Janoj

as a driver.
Again many thanks for a brilliant holiday.

Thanks and regards,

Dave Scott

I am writing to thank you for organising a very enjoyable trip for my family.

It all went well and according to plan - apart from the initial problem with my son having to arrive late because of my grand-daughter's illness. Thanks for sorting out the hotel accommodation to fit in with our change of plan.

It was a bit of a shame not to have Siri for our final journey but we said our goodbyes in Negombo - please pass on our thanks to him.

Once again, many thanks and I shall certainly pass on your details and recommend Worldlink to any of our friends who maybe planning a trip to Sri Lanka.

Hi Ahintha,

I was one of the other travellers with John and his son Mark that visited Sri Lanka a couple of weeks ago. I was truly impressed with the landscape of the country and beautiful ocean views and beaches. The country is so diversified in its landscape from mountains to rain forests and plains of rice fields. The people Sri Lanka people are very friendly and accommodating to English speaking visitors. Accommodations can vary to your choice from five star hotels to a small town villa. The food was a welcome change to our daily diet and quite good with many choices. The option of having our regular diet was available. Travelling through the country can be slow while navigating through the mountains but safe, speeds are limited through the twisty windy paved roads and small villages, very enjoyable. There are also larger roads and a freeway when travelling to larger cities. I would have no concerns taking a cab travelling anywhere in the country. The Worldlink tour van and driver were top notch being very reliable and safe. The driver was helpful in every way and kept the van very clean and comfortable. I would visit the country again touring areas that I haven't seen, elephants to the north and the beaches on the east coast. If you plan to travel for your next vacation consider Sri Lanka and at least a two week trip, it is a long flight but worth the trip.

Thanks

As part of a business group my son and I visited Sri Lanka at the end of February 2014. We traveled extensively throughout the island for 7 days and everywhere the local people warmly greeted us – in English too! English is the secondary language. It is a wonderful island to visit! The best way to describe it is that every moment was a new experience. Beautiful scenery, an incredible diversity of plants and animals, warm waters teeming with colourful fish, lots of history, great food, and lots of sun. I wish the island was closer to home but then again it wouldn't be as special a visit as it turned out to be. **Sri Lanka – well worth the visit.**

Hope you have a wonderful day – or night !

Kindest Regards J

Dear Ahintha,

Please pardon me for not getting back to you earlier. I stayed back in Sri Lanka for an extra ten days to work with our production team at the factory and returned only last week.

I would like to thank you, Rohan and Siri very much for your great work. Bart, John, Mike and Marc they all loved every moment they spent in Sri Lanka. If not for your great commitment, knowledge and generosity it would not have materialized. Thank you so much once again. Please thank Siri for us too.

As we discussed when we were in Sri Lanka, Bart, John and Mike will write a line or two about their experience in Sri Lanka when they have a free moment.

Thank you very much again.

Warm Regards !
Yohan.

Dear Sir!

It's my pleasure to share with you my travel experience
as your colleague Mr. Chin was our guide in the last
6 days.

He was really expertized of the all attractions on
the route and tried to offer tailored programs
we preferred the most.

He is a kind, generous person we liked his
personality.

In summary I evaluate his job as excellent.

Next time in SL we probably choose him again.

Just want to send a quick note to say thank you for everything in helping us with our wonderful visit to Sri Lanka. It is quite a unique and special place and we absolutely loved every minute of it.

Our driver was absolutely exceptional. He was so nice and helpful for our trip and we had a great time joking around with him. He took us to some excellent restaurants -- in fact the best meal we had the whole time was off of his recommendation -- and some wonderful special sites. Our trip would not have been as good as it was if it wasn't for him.

Many thanks again for everything and please say hello to Mr. Weera for us!

Cheers,

I thought it was about time to report back as to how our family holiday to Sri Lanka went. The family had a fantastic holiday and it has been hard to go back to normal life!

The first thing I need to say is about the driver Weera. I really highly recommend him. The family became quite fond of him, particularly my 15 year old and 11 year old daughters. We really enjoyed his company. Wherever we went he knew fantastic guides and got on his phone and prearranged them so they were waiting for us. It was really only later in the holiday that we realised how important this was and we really could have ended up with anybody and paid too much. We came in contact with a lot of people who were prepared to take money from us for nothing and Weera really had this under control for the most part. The other thing to say about Weera is he was always happy and smiling but most of all THERE when we needed him. He was there at the end of every tour waiting no matter how long it took. He was there every morning at a time we prearranged. He was even there at the train station in Ella 6 HOURS after dropping us off at the train station near Kandy. We changed a couple of things on the itinerary and he got this sorted out as well. You really need to keep this quality of driver and please pass on my families greatest thanks and best wishes to him.

Thank you and all at Worldlink for looking after us. To be honest, we have to dive back into our work and re-adjust our minds from relaxing Sri Lanka to the reality in Singapore. Rest assured we will be putting up our comments in Trip Advisor this weekend.

My wife and I have spoken to some of our colleagues and friends about our tour. My wife has told her colleagues who have expressed interest(maybe a tour in November) and has given them an approximate land cost of USD680 per pax for the same itinerary that we enjoyed with Galle and a side trip to Pinnawala Elephant Orphanage thrown in. Cost changes over time and we leave this to your company.

We passed those who are interested the attached which reflects our experience. One of my friends on receiving the itinerary said he would be speaking further to me later as he and his wife was just leaving for a holiday in China. He said a visit to your country has been in his mind for sometime. He has been to Bhutan and Nepal.

Sincerely yours

W K Leong

Thank you for organising our recent tour of Sri Lanka. We had a very enjoyable time and loved our first visit to this beautiful country. Our driver, Weera, skillfully and safely negotiated some very difficult and trying road and traffic situations. The car/mini van was clean, comfortable and spacious. For the most part, the accommodation selected by you was good - and in the cases of Amaara Sky in Kandy and Priyankara in Tissa, really great. We are most appreciative of your efforts to make this trip a memorable one.

Just a quick note to thank you for these transfers, which were on time, efficient and friendly. The guys even found a decent place for us to have lunch when we arrived, as we were starving!

My wife and I would like to thank you for the wonderful holiday we had in Sri Lanka. From getting the basics right (which you might be surprised how many operators get it wrong!), such as hotel bookings, to the flexibility and the level of customer service you showed us at a very personal level is really amazing and we appreciate it very much. I have travelled a lot with many travel agents / tour operators and without a doubt you are the best I have come across, so please keep up the superb spirit! Also, a special thank you to our driver, who definitely went out of his way to make sure we were happy throughout the trip. Please do convey this message to him. I will definitely be recommending your company to anyone I know who is traveling to Sri Lanka.

I would like to thank you for the memorable trip that you organised for us. After all the planning and research, I was concerned that the trip may be flawed as we were a large group with different demands. However, you guys proved me wrong! Everything was up to/ or exceeded our expectations. No one in the group had any reason to complain and everyone was full of praise of your company's service. It is difficult to find a travel agent that organises everything perfectly and more importantly continues to give the service even after the completion of the financial transaction. We were not once worried that we would be troubled or be stuck in Sri Lanka- we always knew that you

were all there to assist us. This truly has been a brilliant family holiday and you guys have a major factor in making it a success.

I will happily recommend the services of your company to any person travelling to Sri Lanka.

As we would say in Kenya, ASANTE SANA!!!! (Thank you very much)

Dear Rohan,

Nancy and I wish to thank you for everything you and Worldlink Tours did to make the second week of our visit to Sri Lanka so memorable and enjoyable. We were charmed on many levels by the beauty of the country. The warmth of the people, the jungles, the high country, the southern coast, the history, the religious diversity all added up to making our trip an experience never to forget. And, of course, the person who helped us enjoy ourselves the most was Weera. He was professional, punctual, and pleasant in every way. Nancy and I were a bit nervous about exploring your country on our own but your planning and

Weera's company provided us a stress-free vacation. So we wish to thank you both again we may return to Sri Lanka some day and, if we do, we will not hesitate to use your company and its services again.

Sincerely,

A brief note to say thank you. Back home safe and sound.

The Driver knows his stuff and is a good driver, which is obviously important on some of those hill roads.

I think the highlights for me were Sigiriya (a must see), the Botanical Gardens in Kandy (magnificent) and World's End (worth the trouble). The Temple of the Tooth is very pleasant.

The hotels were generally good. I liked Hill Club very much and have recommended it to my uncle, who golfs and is a member of a reciprocal club.

Everything was perfect and it worked like clockwork.

This is to thank you for all the excellent arrangements you had done for us thru out our trip. It would be difficult for me to point out any short coming in the arrangement.

Guide, Driver & helper were all extremely helpful and co operative.

We were overwhelmed by your gesture of providing the SIM card for EACH of us. All made good use of it. The caps were very useful and thanks for providing enough water for us each day!

The driver/tour guide for the City Tour of Colombo also was very punctual this morning and Helga Loeffler and Liz Krupitza were very pleased with his services. They mentioned he was very knowledgeable and thus made the tour very interesting for them.

What truly impressed me though was your follow-through. I greatly appreciate your daily calls checking whether everything is ok and your extremely efficient follow-up. Whenever I will travel to Sri Lanka in future, I will certainly contact you and ask you for your help with all arrangements. I will also recommend your services to any friends or acquaintances who will want to travel to Sri Lanka in future.

It was a pleasure to have you as a working partner for our travel arrangements.

Thank you for all your efforts.
